Child Health Assessment Overview

The Department of Human Services (DHS), the licensing agency that oversees child care providers, requires that all children enrolled in a child care program receive a health screening and immunizations. We are required to obtain from the parent/guardian a child health report showing compliance within 60 days of enrollment. Parents of school-age children

are required to provide updated health reports for children in accordance with the requirements for medical exams for school attendance in their district.

The health report must be signed by a physician, physician's assistant, or a CRNP. The signature MUST include the individual's professional title. The health report must also contain the following:

- A review of the child's health history
- A list of the child's allergies
- A list of the child's current medication and the reason for the medication
- An assessment of the acute or chronic health problem or special need and recommendations for treatment or services, including information regarding abnormal results of screening tests for vision, hearing or lead poisoning.
- A review of the child's immunized status according to recommendations of the AICP.
- A statement of the child's medical information pertinent to diagnosis and treatment in an emergency.
- A statement that the child is able to participate in child care and appears to be free from contagion or communicable diseases.
- A statement that age-appropriate screenings recommended by the American Academy of Pediatrics were conducted since the time of the previous health report provided for enrollment in child care.
- A list of the dates the child was administered immunizations in accordance with the recommendations of the ACIP.

Children without a health screening and the pertinent immunization records on file by the 60th day of enrollment will no longer be able to attend and KnowledgePoints is required by the DHS to implement dismissal procedures in accordance with the Dept. of Health regulation 28 Pa. Code 27.77 relating to immunization requirements for children in child care group settings.

A copy of the official Child Health Assessment form (form CD 51) is provided with the Parent Application Packet. Additional copies are available upon request.

KnowledgePoints Learning Academy's Extended Day Programs or School Programs are licensed by the Commonwealth of Pennsylvania, Department of Human Resources. In response to the COVID-19 pandemic, we have instituted an updated Health and Safety Plan that follows the guidelines provided by the Department of Heath (DOH) and the Child Care Certification. These guidelines were derived from the Centers for Disease Control (CDC) guidance documents for the reopening of schools and child care providers.

I affirm that I have been provided with a written copy of the Health and Safety Plan for the KnowledgePoints Learning Academy. I understand that the Health and Safety Plan may change in response to updated and revised guidelines from the DOH and the CDC.
